

# SOCIAL SCIENCE: COMMERCE

## ABOUT

Social Science: Commerce is a two-year pre-university DEC program that is designed to ensure that students acquire diversified skills through a well-balanced mixture of the social sciences and mathematics.

The Commerce profile, of the Social Science DEC, allows graduates to pursue university studies in disciplines related to commerce or the social sciences such as accounting, finance, human resources management, industrial relations, political science, economics, administration, law, marketing, supply chain management, and more.
